Objectives

• Professional Development
  • Influence the logistics learning continuum to produce logisticians who have the best opportunity for success in the contemporary and developing operational environments.

• Knowledge
  • Create a useable body of knowledge and serve the logistics community as a ‘virtual coach’ whenever and wherever needed.

• Organizations
  • Improve the effectiveness of organizations to achieve unity of effort in the delivery of logistics outcomes.

• Leadership
  • Help ensure logisticians can effectively plan, organize & control logistics support to take advantage of the force multiplying effect of interdependent logistics capabilities across the national security enterprise.
