

# FEMA Courses of Interest to DoD Logisticians

## S0674: Basic Interagency Logistics

### Course Overview

Course ID S0674 Course Title Basic Interagency Logistics Training Provider EMI - Emergency Management Institute Delivery Type Mobile/Non-Resident Duration 30.0 Hours Continuing Education Units 3.0

### Course Description

This seminar-style course offers a Whole Government/Community perspective for disaster/humanitarian relief logistics. The course is 4 1/2 academic days long and is unclassified (no security clearance required). The Interagency Logistics (IL) Seminar focuses on national- and international-level logistics operations by providing military and civilian stakeholders with insights into interagency logistics planning and execution. The objectives of the course are accomplished through the use of dynamic lectures provided by experts in the field of disaster operations and logistics with threaded discussions that are interspersed with mini and culminating case study activities. Current policy, doctrine, theory, and processes are addressed. The IL Seminar provides participants with the opportunity to develop and define the authorities, attributes, needs, and perspectives of a National Logistics Coordinator as described in Emergency Support Function (ESF) #7, Logistics Management and Resource Support, of the National Response Framework (NRF). Additionally, this course provides insights and explores potential solutions necessary to manage logistics at the strategic, operational, and tactical levels during a national disaster/incident. The course includes a number of guest lecturers from DHS/FEMA, Department of Defense (DOD), General Services Administration, states, Non-Governmental Organizations, Private Sector, and other Federal departments and agencies. All material is non-testable. Students will be granted access to the Interagency Logistics Portal for presentations and other relevant course material.

### Course Objectives

Familiarize participants with the logistics planning considerations of FEMA all-hazards and DOD Support of Civil Authorities (DSCA) missions.

### Mission Areas

- Common

### Prerequisites

There are no Prerequisites for this course.

### Disciplines

- Emergency Management
